## Synopsis

It wasn't always easy for me to find the answers my family needed about Alzheimer's disease, and at times I was frustrated and confused. I promised myself that one day I would share all that I had learned-from my research and my experience-with other families that were dealing with Alzheimer's. This dream came true when the Playbook was created and made available to my fellow Arkansans. We received calls and letters from so many people thanking us for sharing our story and information that I decided to make my dream bigger, and share the Playbook with people across our country. I gathered my team, and together, with the help and support of many Arkansan people and companies, we were able to generate the funding and expertise needed to make this Playbook for anyone wanting information on how to care for a loved one with Alzheimer's disease. It is my hope that you can benefit from my experience.

My Mom suffered from Alzheimer's for many years and this was the book that made the most sense. It is simple and full of things to make a terrible experience better for both of us. I liked it so much that I gave my copy to the director of the the memory care facility and just ordered it for one of my friends who is facing the beginnings of the disease with her Mom.

BECAUSE IT IS THE RATING I GIVE. THE SERVICE AND SOMETIMES RETURNS ARE NEVER QUESTIONED JUST ACCEPTED. MY WIFE HAS ALZHEIMER'S DEMENTIA. THIS BOOK IS WIDELY USED BECAUSE OF PERSONAL EXPERIENCE AND THE ADVICE IT GIVES HELPS ME IN MY DAILY CARE AND RESPOSE TO MY WIFE.

have not read entire book, but what I have read has been very helpful in trying to understand what my spouse is going through.

Good book with helpful insight and suggestions for those working with this issue in home health.
