Explore the world through accurate and up-to-date mapping.

This is the same map as the tartan map, but on a black background which seems easier to view. Around the edges are the Scottish clan shields and crests. In some ways more interesting than the tartans; and just as well done. High detail, and again if you have a large wall space ~ suitable for

framing. Very high quality.

My wife does family research and this has expanded her understanding of her Scotland heritage. Good reference book to have in the library of the root shed.

I purchased this for my Fiance. It is one map that actually shows where his ancestors clan was before another took it over.

Great map of the clan areas in Scotland. Helps me when researching clan history for genealogy. Only issue is my need for more detail on the maps, to find sites referred to in history books.

The Map covers Scotland and the clans that lived in certain areas which I found very interesting and informative. Anyone with a Scot background would find this map interesting since it could show that person where his or her ancestors lived.

A perfect addition to my information on Scotland in my genealogy collection. The information is excellent and the pictures of the tartans are stunning.

Great map of Scottish clans & crests. We are recent genealogy enthusiasts and have really enjoyed finding our clans & their crests with mottos.

Really interesting addition to researching history of clans.
