Finding God: Selected Responses

Synopsis

What is God anyway? First published in 1986, Finding God contains essays on significant Jewish thinkers attempting to answer the question looming above us all: Is there more than one way to perceive of God? How can we know God? What does God "want" from us? As in the earlier edition of Finding God, Sonsino and Syme explore the approaches to God found in biblical texts and in the prayer book as well as those of the classical and medieval rabbis. This latest edition of Finding God includes two new essays on the distinct theologies of Abraham Joshua Heschel and Alvin Reines, as well as a chapter on newer approaches, including those of Harold Schulweis, Marcia Falk, Lawrence Kushner, and others.

Customer Reviews

This is not a book telling you WHAT to believe about God, it is an informative information book on how Jews perceived God, the nature of, the intent, and what God represents. From absolute theism to naturalistic pantheism, from personal God to metaphorical idea of redemptive force. It helps one understand why there are differences between Jews of Orthodox perspective all the way to Humanistic persuasion.

An excellent review of some of Judaism's finest minds on the subject of who God is, what God wants, and how we can best serve God. As a future convert, I recommend it wholeheartedly.

Book starts with traditional viewpoint and then progresses through history to modern times giving

precise summaries of various Jewish perspectives with information about the authors.

great product, easy sale, quick delivery... thanks

This is an excellent overview of the serious philosophers and developers of Jewish thought. The short chapters are easy to read and allow for individual follow-up on the assorted topics.

Good introductory book for jewish converts

GOD is EVERYWHERE...EVEN INSIDE US!
