Crochet: Learn To Read Crochet Patterns, Charts, And Graphs. Expand Your Crochet Skills By Learning The Basics Of Patterns

Synopsis

Learn to Read Crochet Patterns, Charts, and Graphs Expand Your Crochet Skills by Learning the Basics of Patterns Also Includes Bonus "Learn to Crochet 6 Popular Afghan Patterns in Just One Day" With clear instructions and helpful illustrations Dorothy guides you from step one to learning how to use patterns to create beautiful works of art. When you learn how to read patterns you will open up an entire new world of possibilities for the craft of crochet. In her new book, Learn to Read Crochet Patterns, Charts, and Graphs; Expand Your Crochet Skills by Learning the Basics of Patterns, Dorothy Wilks teaches you how to read crochet patterns. With her many years of experience and expertise in the art of crochet Dorothy guides you through learning to read written crochet patterns, crochet charts, and crochet graphs. In this definitive book you will learn:

- Structure of a written pattern
- Written pattern abbreviations
- How to read a written pattern
- Structure of crochet charts and graphs
- Crochet chart symbols
- How to read and crochet charts and graphs
- Working with flat crochet and in the round
- How to translate a pattern into a finished work of crochet

This book is geared for crocheters of all skill levels from very beginners to more advanced artists. If you're just starting out and want to use patterns to expand your skills, or if you've been crocheting for a while but just never could get the hang of reading and understanding patterns, then this book is for you. Don't miss out on this valuable resource for your crochet library. Borrow this Great Book TODAY!! Download this Bestselling Book Now!!

Customer Reviews

Good guide to unlocking all of those little lines and circles. I've always stayed away from diagram patterns because I didn't understand them. This helps

This booklet is ridiculously tiny, lacking in information, and hugely overpriced! I returned it and STILL had to pay \$5.00 to return the useless thing. It wasn't worth \$5 let alone \$15! Shame on for selling something so outrageously overpriced.

The book has taken crochet from the usual level of simple knitting and crocheting to some serious work of producing the Kitchen and Home decorations to make that glamorous appearance at home. Good beginning will mostly like bring or lead to a good ending and it's the philosophy am using in my reading and career development in my Crocheting and knitting field. The book is good with the charts and the instrument knowledge that will help me much with the issue of knowing the right instrument to use when making up different sections of the products.

This book has helped me understand better how to read crochet instructions for patterns I was hesitant to try before. I have not actually read about charts and graphs but have scanned the instructions and believe that it will be very helpful to me. All I wanted in one book. I am happy with this book and would recommend it.

Good basic crochet manual. I keep it to refresh my memory of stitches and a key to charts and graphs.

Wow! What a waste of money! A total rip off! For \$16 I expected details and examples. There are a few very basic screen shots that I could have obtained for FREE elsewhere!

everything you need to know

A BIG HELP
