Customer Reviews

This is part of the excellent Clive Merrison portrayal of Sherlock Holmes. Though I wouldn't necessarily count this set among the best in that series, it's still a treat for those who enjoy full-cast audio dramatizations.

This audio production is extremely disappointing. Most glaring is the fact that the actors portraying Holmes and Watson possess very similar voices, making it impossible to tell which one is talking unless identified by name--a major distraction. Second, Sherlock Holmes is portrayed as a young and eager man; more annoyingly, he is clearly impressed with himself. Holmes is not the brooding, dark character I have come to enjoy both from the books themselves as well as the superb television portrayal from the BBC series. I really thought a Sherlock Holmes audio tape would be a "no-brainer", but I could not bring myself to listen after the first story (Silver Blaze)
