## Customer Reviews

This book is so sweet!!! My little guy wants to "do cool" with his siblings so I got him this little book. He counted the colorful birds and took such care coloring in the number one today. It was so sweet seeing him beaming with pride when he finished.

Lovely little book for very young children. Colorful but also with places to color and draw in as well! Gentle way to learn counting and fun.

I bought this for my 2 year old. He looves the beautiful color pictures! Its a nice book that he can look at and draw in. Best of both worlds!

This is such a nice book to practice your counting. We love to take it on the go in a bag. The book is about the size of a 5 x10 picture or slightly a little larger. Brightly colored birds greet you as you begin to count. Very exciting to draw in as you count and draw.
