LAURA MARSH has worked in children's publishing for nearly twenty years as an editor, packager, and currently as an author. She has written numerous books in the National Geographic Kids Readers series, including Great Migrations, Sea Otters, and Koalas.

I love these books. I'm constantly looking for interesting nonfiction texts for my classroom. These are perfect for my third graders and they can not get enough of them. Kids are constantly coming up to me and telling me new facts that they have learned from the books in this series. Great for science, reading, social studies, history, vocabulary, etc. Highly recommended!
