Everything it's in the book I already do.

Nothing to write home about

did not get it because it was fore-book and I dont have one

It's an ok book.

Great!

Never received this item

It's ok but all the winners stories didn't help to understand things. Go into more detail on your theories. Getting involved in a syndicate is really not what I want to do. Don't give advice on that. The explanation of that was ok but don't recommend it.

It's a fun read, but not all of it here that you won't find for free on the internet. The basic rules lottery are Never miss a drawing on a game you are playing. Never pick a set of pre existing winning numbers. The last time I've checked a set of winning numbers have only repeated 7 times in Powerball. Pick numbers, but not dates like your birthday anniversary or anything like that. Keep the same set of numbers. If you have a different set of numbers every time it statistically lowers your chance of winning. I've won 21 bucks so far. So, I'm not going to trash the book
