Customer Reviews

I bought this specific dictionary because I already own the French version, which is magnificent. I was not disappointed with this one either. Whether you need it for a Spanish class or simply for quick reference, I would definitely recommend this one. It is easy to use AND it comes with a free downloadable version for your computer.

Smaller than I expected but I guess I missed the dimensions. Otherwise this is a handy dictionary.

I think it's a stretch to call it a pocket dictionary. It's rather thick.

I got this dictionary for a University sponsored trip to Guatemala. I studied Spanish for 2 weeks with a 1-on-1 teacher who only spoke Spanish. This dictionary came in very handy when I needed to figure out how to say words and phrases in Spanish. I would definitely recommend this dictionary!

Although this seems rather complete, along the lines of one that covers German/English. But is a bit large to carry in one's pocket. I purchased a Latin American Spanish phrase book to supplement it and to carry while traveling.

Already had one I purchased through a book fair like it so much I purchased for my other children

It's much bigger than I expected...it's more larger purse sized than pocket or even slim crossbody - but still portable. We haven't take it out for a test drive yet, we'll do that in 2 weeks. But I feel it was still a good investment, and something we need around the house as we want to learn more Spanish.

very tiny - exactly what my daughter needs for school
