[Europe > Austria > Vienna](#) #150 in [Books > Travel > Europe > Austria > General](#)

Customer Reviews

Evidently written by a non-native English speaker, this slim book is less than superficial. The book is full of vague fluff, similar to, "Your visit to Vienna will give you memories that you'll treasure forever." The only photographs in this guide are public domain Flickr pics, and I suspect the history section is "borrowed" from other sources. There are NO maps in this guide. Not one. Vienna is a city of tremendous public transit, and even directions from the U-bahn (subway) station stop to a tourist site would better than nothing. No directions in this book, just addresses. Maybe you're supposed to give the address to a taxi driver to get from one place to another? This publisher/author has written a series of travel guides to other cities. I doubt the author/publisher has been to even one of them.

This book was not helpful. I don't recommend

Very basic. It reads like and looks like someone created this on their home computer. Not color.

Not a great guide for what we were doing in Vienna. We were there for 2 weeks and exploring the Bel Air experiences. Not a great book.

Did this author even visit Vienna? Slim book, probably less than 10,000 words, a small b/w photo to open each chapter and that's it for illustrations. I found this near useless. Full of general information and filler. It did send me back to to order a real book, not a 20 minute guide to Vienna.

Just not the Vienna I know

Only have 3 days in Vienna? Save yourself the guesswork and buy this book! Vienna is one of the most interesting and fun cities to tour, however it can be overwhelming if you don't know what to do. This book saves you the guesswork of what to do, when to go, where to go, what to eat, what to see, where to stay, and much much more! Highly Recommended!

A good guide for those with time for only a short stay in Vienna. It got us quickly up and running with respect to the transportation system and locations.
