Customer Reviews

"Illustrations have verve and are a perfect complement to the story. Highly recommended." School Library Journal

This book tells the story of Lyle, the crocodile, who won his way into the Primm family's hearts and home. What he did while he was there and what happened when Hector P. Valenti, star of stage and screen, came to take him away is a captivating tale destined to intrigue and entertain readers of all ages. --This text refers to the Library Binding edition.

I am writing this with my five year old granddaughter, who loves this book and is so excited to write her first review. She loves the part where Mrs. Primm, the mother, opens the bathroom door and discovers Lyle. We live in NYC, near houses that look just like Lyle's. So we went over to look at the houses and pretended we heard Lyle. We love this book so much that we plan to read other Lyle books. Yay!

Such a cute book that I remember my grandmother reading to me as a child. I had to get it for my son!

One of my favorites, one of my daughter's favorites - and now her children love it, too.

Good product

Wonderful story, loved the drawings, did not know this book or author before. Good surprise

It is empty now, but it won't be for long.... So begins this wonderful book which is a wonderful introduction to the Lyle, Lyle Crocodile Universe. In this book, Mr. and Mrs. Primm and their son, Joshua move into a new apartment on E. 88th Street in NYC. While they are unloading their belongings, they hear sounds that go SWISH! SWASH! SPLASH! SWOOSH! They wonder what it is, and when Mrs. Primm goes to the bathroom to wash her hands before lunch. She spots a crocodile in the tub! She points it out to her husband. They go to call 911 just to find out that the line isn't connected yet. Fortunately a young actor delivers them a note telling them that the crocodile is friendly, but that the only food he'll eat is Turkish Caviar. Whatever will they do with him? Find out now for yourself.

Great quality, nice sized paperback. Love Lyle and this classic story.

When childrens books were actually creative.
