The Tide Of War: The 1814 Invasions Of Upper Canada (Upper Canada Preserved - War Of 1812)

Synopsis

The invasion attempt on Upper Canada by a new and vastly improved American army in the first six months of 1814. Throughout 1812 and 1813, Upper Canada had been the principle target for a succession of American invasions and attacks. Fortunately they all had been repulsed, but at a high cost in lives and the devastation of property on both sides of the border. By the beginning of 1814, both sides were determined to bring the war to an end with a decisive victory through an escalated commitment of men and military resources. Continuing the story already detailed in *The Call to Arms*, *The Pendulum of War*, and *The Flames of War*, *The Tide of War* documents the first six months of 1814 and the ongoing fight for the domination and control of Upper Canada.

Customer Reviews

Richard Feltoe's concise but comprehensive series *The Tide of War* takes readers to the first half of 1814 and thus towards the war's culmination. As always, there are vital charts and maps to indicate battalion movements, and a clear narrative of events and circumstances for a very complicated stage of the war. (OHS Newsletter)[Feltoe] has brought together a wealth of information in the form of first hand descriptions, contemporary sketches and battlefield maps of a truly unnecessary war, one we didn't start. Richard's books will be the perfect resource material for the historians of the future. (Mike Filey, Toronto Sun)

Richard Feltoe was born in Newcastle-upon-Tyne, England, and holds a degree in economics from

the University of London. He is the curator and corporate archivist for the Redpath Sugar Museum in Toronto. He is also an ardent living history reenactor, re-creating the life of a Canadian militia soldier from the War of 1812. His other publications include the previous books in the Upper Canada Preserved series and *Redcoated Ploughboys*. He lives in Brampton, Ontario.
