2003 - Alexander Books - 6th Edition - The Sanders Price Guide to Autographs - By Dr. Richard Saffro, Jim Smith, Don Shaw, Helen & Ralph Sanders - World's Leading Autograph Pricing Authority - Paperback - New - Limited Edition - Collectible

I really like the Sander's guide. I wish there was a newer one than 2009.

values in book don't reflect actual values

I have multiple editions of this book, and I have always enjoyed them. However, after years of collecting autographs, I have come to the conclusion that the prices they list have no basis in reality. They are usually highly inflated. I would guess the prices are what dealers would like to get for their autographs, but I don't think they usually do.

There are no more precious artifacts in human history than the primary sources dealing in the written word. Historic letters, manuscripts and documents are the cornerstones of civilization and the best "collectible" investment on the market. For all too long the "Autograph" Ephemera field has lacked a true and consistent indicator of signed letters, manuscripts and documents value until this new issue of Sanders Price Guide. When a client calls me and asks what the value is of an autographed document I now refer them to this Price Guide - Period. Hats to Richard Saffro, Jim Smith and the Price Guide Researchers. Stan Klos Estoric.com

The new addition of this must have book for serious autograph collectors is out. It is up to date and by far the most reliable price guide out there. I rely on it completely when bidding on auction items or buying new materials for my collection. I would be hesitant to purchase any autograph of historical significance without the Sander's guide by my side. I sincerely thank the authors.

Thank you to the authors of the 6th Edition of the Sander's Price Guide to Autographs. This honest, unbiased, and current price guide is a MUST for all autograph collectors, and all those who purchase autographs. I refer to this guide everytime I buy an autograph, especially now that I am buying online. Highly recommended. Larry Stein

I have past versions of this excellent reference but this one includes more of the signatures that I have that previously were not included. Thanks for expanding your lists. Linda Stiles

love the book, love the service, love the convenience. It is an invaluable resource for anyone that might be the least bit interested in purchasing autographs.
