I enjoyed learning about this island that I had briefly heard mentioned but no one has ever shared all this info and pictures about this place. Sounds almost like a dream land to live in. I would recommend this ebook for kids of all ages. 1) Just to have some idea about it and 2) Also a great ebook for someone who may be planning on going there maybe for a vacation time or even to go

live there, yes? These are my reasons for wanting to give Bustling Barbados ebook five stars. I received this ebook for free and in exchange for it I have now given it an honest review. Great work Liam! By Angela L.

This book is a scam. It's only 28 pages, with a short wikipedia-esque paragraph on each, accompanied by a poor quality black and white photo. No one would ever buy this from a brick and mortar bookstore. I'm returning it.
