Synopsis

The second book in the Orphan Trains Trilogy from writing duo Al and Joanna LacyWhen 62 orphans and abandoned children leave New York City on a train headed out West, they have no idea what to expect. Will they get separated from their friends or siblings? Will their new families love them? Will a family even pick them at all? But their futures are wilder than any of them could imagine, and range from kidnappings and whippings to stowing away on wagon trains, from starting orphanages of their own to serving as missionaries to the Apaches. No matter what, their paths are being watched by someone who cares about--and carefully plans--all of their tomorrows.

Customer Reviews

This was a good book about orphans. I am sure most of it actually happened. Some of the orphans were treated very badly. It is a shame. The ones that got good homes were the lucky ones.

Having a family member who was on the orphan train years ago, got me to read the books. Love them. This one was especially good. Great reading. Look forward to reading more.

An outstanding book that tells about an event in our history and at the same time tells a good story.

Although it broke my heart to hear and feel these children's pain & sorrow, it was very good and well written. I will recommend and read more of these books.

Could not put it down, great book.

Informative

Learned some history of tough time our country went through with immigration & overcrowded New York & some about Orphan trains that I never had heard about before.

I LOVED THIS STORY!!
