Customer Reviews

Stephen W. Leslie, MD, FACS is the Chief of Urology at Creighton University Medical Center in Omaha, Nebraska.

This was a great way to study for the board exam. I thought it needs to be edited better (there was

one page that asked the same exact question on the same page later on! that couldn't have been done by design) but overall a great review and high-yield.

I don't really feel like all the pearls of wisdom are that applicable to what was on the boards, having just taken it... just fyi

Great review resource in a question and answer format, I find it's easier to review this way than attempt to reach a more dense review text. I liked it so much I have the print and kindle versions.

Good for fast review
