## Customer Reviews

Every word of the original is here, but on the facing page is the same dialog translated into modern English. I read the Bard's original words, but when I'm confused, I look across to the translation, and then go back to the original. As a life-long-learning adult, I've read about ten of these "No Fear Shakespeare" books, and I wish I'd had them as a student.

Never before could I understand Shakspeare. A young gal told me about the No Fear Shakespeare books. I can now understand Shakespeare and now can see why like many enjoy his plays. I highly recommend this series of books if you want to enjoy his plays.. On the left side are the words from Shakespeare and the right side is the everyday English interpretation. Oh, this play, very enjoyable and funny. I'm so glad I can understand and enjoy, especially this play. His humor is fun.

I bought this book to help me in my classroom. While the same material is available online for free, I like to annotate on a text. I also find I am better able to flip around and find an excerpt in this book

when a student asks me a question or I need clarification. My students love to borrow my copy when they're reading on their own.

Thank you for these wonderful 'translations' of Shakespeare's works. They make all the difference to me, a new student to Shakespeare, at the ripe age of 59 years old....now I can understand and appreciate these amazing works of literature. Much of what he writes makes my hair stand on end. What a genius !

This book, and the entire series for that matter, is a great resource in the classroom. It provides a page by page, line by line, paraphrase of the Bard's work, which is so helpful for teaching with Shakespeare. I highly recommend that anyone who is trying to teach, or understand, the works of Shakespeare purchase these books.

Excellent for my students. Much easier to understand.

My son was very worried when he learned that he would have to read Othello and Much Ado About Nothing. Having a 'normal' translation on one side and the original on the other helped him better understand the play and the significant development of the story. Highly recommend this whole series actually.

The English teacher loved this!
