# The Survival Guide For Kids With Behavior Challenges: How To Make Good Choices And Stay Out Of Trouble

## Synopsis

Many kids and teens have challenges when it comes to behavior. In this revised edition of his time-tested book, Thomas McIntyre provides up-to-date information, practical strategies, and sound advice to help kids learn to make smarter choices, make and keep friends, get along with teachers, take responsibility for their actions, work toward positive change, and enjoy the results of their better behavior. New to this edition are an “Are you ready to change?” quiz, updated glossary and resources, and a fresh organization and design. This is a book for any young person who needs help with behavior. A special section at the back addresses diagnosed behavior disorders.

I use this with my son and my clients and it's definitely a book that is worth buying.

This works for some kids some of the time. Not a universal product. A good tool for the counselors' tool box

My son really likes this book so far. I have seen an almost immediate improvement in his behavior and accountability, as have his teachers. Totally worth it for anyone struggling with adolescent behavior challenges.

Excellent. I love that the children can work at self-improvement and not be lectured.

Easy to read and understand. very informative and the kids love reading it.

Great book for the grandson who does have some behavior issues and opens up the ;discussion.

A good buy.

Great book
