Loved it

I disagree with the first review. I own hundreds of Adult Coloring books and a Youtube channel that reviews them. This book is adorable. Some pictures are easier than others, but it's written for all skill

levels. In addition it's up to the artist to bring a simple picture to life. I challenge any artist to this. The more advanced pictures in this book are well done renditions of graffiti artwork. If you like doodles you will find them in there. I am sorry having only one review and a bad one is not giving credit to the vendor. I am not a sponsor of any sort. I would have given a 5 star review but I reserve that for higher end books. This is an excellent and inexpensive book for Adults and kids. The paper was typical light to med weigh. The pictures are printed on one side which is always a plus. I am very happy with my purchase.

This book is at a 5 year old child's level, not impressed with its drawings and a total waste of your money .
