I had high hopes for this devotional but unfortunately it did not fit the needs of my little one. Each story was very long with long portions of scripture. They are supposed to have an activity for each story but some were just questions and it could not keep my 4 and 6 year olds attention. I believe the Bible is important to know but for a bible written for kids ages 4 to 8 the amount of scripture was overwhelming for their short attention spans. Also some of it didn't apply to the story. I had high hopes for this devotional but I have to say it just wasn't there.

Excellent devotional of Bible stories for young boys. Please note, this is NOT a Bible. Recommend look at sample before purchasing. You will see this listed as a devotional on some sites and a devotional Bible on others. The cover is deceiving.

I like this book but there is nothing better than the original Good Night Warrior. I read that book with my 1st son twice & he loved it. I am reading this now to the 3 younger kids. I live short bible summaries for kids because they will not get bored. I also like the prayers & the activities.

I was very interested in this for my 8 year old but I find the Bible studies hard to follow, and out of order with the devotionals. The Bible stories go in order of the major stories of the Bible, but they don't match up with the devotions, which makes it impossible to draw connections with the stories themselves. It is otherwise well written, but I just don't like the order of it.

This is a book that daddy and son look forward to reading together nightly. The Bible stories are easy for a 7 year old to follow and each story is followed by practical application (activity, prayer, real life situations). The theology is on the mark and we highly recommend it!!!

I bought this book for my 6 year old and he looks forward to a story every night. Seeing the change in him is amazing. He is now 7 and we are re-reading it again and I'm sure it will continue.

I and my grandson love this Devotional Bible. He is eight. Very well written and easy for him to understand. This is a very nice book and worth it yet still a great price.

My 6 yr old son hasn't seen this yet. I haven't decided if I want to give it to him as a birthday present or a "just because." As I read through it, I was really excited about the presentation & the idea

behind this. Our kids are just bombarded with nonsense from every direction that reminding them that they ARE significant is a pivotal part of parenting...especially in the Christian home.
