Pocket Havamal Olive Bray Translation

Synopsis

Huginn and Muninn Publishing presents the latest in our Pocket Havamal series. The thorough and easy to read Olive Bray translation is now available in a convenient pocket size for Asatru, Germanic Heathens and Odinists who wish to keep the words of Odin with them throughout their day. What is the Havamal? A book of Wisdom said to be the wisdom of Odin the most revered god of the Indo-European groups known as Germanics, Scandinavians and Vikings.

Customer Reviews

I liked this translation and format because it was an easy to understand version. Translating from such an old language is always difficult, but making the text still accessible to modern lay readers is even more so. Many of the words of the Havamal still ring true today, and I'd recommend reading it to anyone with an interest in old Norse culture.

Aweeome! I am so excited over this!

Good translation, and well done book. It really is small, but very nice size. It can actually fit in a pocket, for real.

Haven't read it fully seem like a good translation

As described!

Great translation perfect size for carrying around

A great book of wisdom and thoughts for us to meditate on. It can be a little difficult to understand at times, if you don't know much about old world dialects, but leave your mind open to the words, and the meanings will come. Some of the wisdom is simple wisdom that serves more as a reminder. Some of the wisdom is simple wisdom that we tend to overlook. One such case, that I know I am guilty of doing is, 24. "The unwise man is awake all night, and ponders everything over; when morning comes he is weary in mind, and all is a burden as ever". The stanzas are all numbered, so it is easy to find bits of wisdom again. The words, although at times hard to understand as mentioned above, do tend to flow rather easily. You can go seamlessly from one stanza to the next, or read and focus on one stanza at a time. The physical book itself, is a little larger than I expected. It's not large by any means, and it does slip into my pocket easy enough. Not really a complaint, just a note. The print is clear and easy to read, with blank pages in the back for your own notes. Overall I would easily recommend this Havamal to anyone who, well, is anyone really. I've had a fascination with Norse mythology for a while, and recently decided it's time to get serious about learning about it. Even if you are not interested in Norse mythology, however, the Havamal is still a wonderful book to read, and for just 7 dollars, you are not taking a big risk with it.

Was instructed to buy this variant by another TAC member and I have not be sorry. I have read other versions of the Pocket Havamal and this one, by far, is the most poetic and easy to understand. I recommend it to all Asatruars, whether new or old, this is a must. May Odin guide those in pursuit of knowledge. Skjálfarbrothers and sisters!
