Guardians Of The Minecraft Galaxy

Synopsis

The Epic Galaxy Saga Retold in Minecraft – “Story Mode” – After stealing a mysterious relic in the far reaches of outer space, Starlord from Minecraft planet, is now the main target of a manhunt led by the villain known as Ivor. To help fight Ivor and his team and save the galaxy from his power, Starlord creates a team of space heroes known as the "Guardians of the Galaxy" to save the world. "They call me Starlord. According to Meredith my mother and the rest of the villagers, I had fallen from the skies. The mysterious dark man and the relic are the keys to find out my past – the truth. And I am not alone on this minecraft planet. There were at least five other pods that fell out of the sky on that day." Will I find the Guardian of the Galaxy team? Will I destroy the Dark Man? Only you will know – “Guardians of the minecraft Galaxy” – is like a playable television show based on my favorite game, where I am Starlord and the story I experience here is driven by the choices I MADE while on a Quest to save the Galaxy. What I experience here may be very different from yours –

I am a great fan of mysteries and adventures in the outer space. Every page of this book is fantastic

and full of surprises. Guardians of the Galaxy fought a lot to save the galaxy from evil power. The character of Starland is dynamic and he is very adventurous. I highly recommend this book for everyone who loves adventures.

This book is now my favorite book. I have never read any story better than this story in my life. I love this book very much and enjoying this book with my kids very much.

Inspired from the Guardians of the Galaxy, King has blended it into the Minecraft world. Brilliant like his other books. Absolutely adored it.

What a novel!! Blending a superhero into a Minecraft shows the talent the author has. This is a great book for kids who love superheroes my nephew loved it. To the author keep it up! – A. A.

Another must read for die hard fans of Minecraft. The best part is how it derives inspiration from Guardians of the Galaxy, which is also very popular. Mixing these two is pure genius and it has created a book that is incredible. You must buy it!
