Customer Reviews

No, Sony has not bought out Nikon, although I must have had Sony on the brain when I began writing my comprehensive guide to the Nikon D5600. (There is no Sony D5600, folks.) The new D5600 is the best entry-/mid-level camera Nikon has introduced, and I know you'll enjoy yours as much as I enjoyed writing about it. I'm happy to be your mentor, helping you discover all the great things this camera can do. And I do appreciate those who take the time to send their comments and suggestions directly to me, as I request on Page xvi of the book. Your feedback helps me make each individual book, and those yet unwritten, better than the last. Thanks!
