Customer Reviews

Couldn't believe the discount, jumped right on it, halfway through the first book. I feel ready to take on the internet and try a few different things to find my thing and soar.

I received these books for a dollar. You cant beat that price for the amount of knowledge in these books.

Great book

This is a great set for those who are not or are thinking about being an entrepreneur. I have been through years of coaching and reading many authors where this one is simply reiterating the same points all others before him have. This is a nice set with all information in one set. It's great for those who are starting out for sure.

If you are looking for a good read to change your life and your mind settings, this is the right stuff to start with. The book contains 6 bundles of an amazing read to lead you to success. Have this book now and change your life..

Feel a bit cheated as i paid for Millionaire Mindset previously and its included in this bundle but i enjoyed this boxset as its not just about money and getting rich. This boxset has a healthy mix of

money saving and money making strategies with a dose of life coaching.
