# Island 6.0 (Grenadines, Caribbean) (global Islands Project)

## Synopsis

an illustrated account of a three month stay on the Grenadine islands - part of the "global islands project" Global Islands Project -- ongoing series of multi-media pdf-ebooks -- apastoral, pictorial and phonic elicitation of island parameters. Your feudal world is based on mutual relief at your common corruption. Maybesome cultures are based on even worse. But that wouldn't change the badfaith of it and as years go by, you wake at night in terror of your wholelife being an act of bad faith, where everything is self-interest andnothing more, where every human interaction is driven by a silent, evensubconscious calculation of some ulterior motive, to the point that a seaof bad faith has taken over your whole life, there's no small island leftfrom which you can even try to build a bridge of good faith, because eventhat effort becomes suspect, even good faith is nothing butself-interested, even altruism is nothing but solipsistic, even yourprofessed agonizing right here right now is nothing but a gesture, made tothe conscience in order to assure it that it exists.<http://bradbrace.net/id.html>

## Customer Reviews

This takes the form of an artist's journal of his stay on Union Island in the Grenadines. I loved it. It's

a heady brew of useful advice - should you ever visit (Never tell anyone the exact day of your departure as this is when most robberies are most likely to occur. You don't have time to report it.); fishing tips; a view of the island's colourful flora and wildlife; lots of cooking using local (and sometimes quite unusual) ingredients (Did you know that you can't get nutmeg in the Spice Islands?); shopping; and meeting some lively local characters. Brad Brace is an international artist of some repute and the log of his artistic endeavours is also quite compelling, as are his discursive views on art, philosophy, local politics and the meaning of life. It's easy to read and always entertaining. I'm not sure if its somewhere I would want to visit - but having read this I would be well prepared. I'm looking forward to reading his next journal.
