Flanders: Northern Belgium: Brussels, Bruges And Beyond (Bradt Travel Guide)

Synopsis

Most people think they have Flanders figured out: the northern half of Belgium is home to beer, chocolate and the EU. Once labeled the boring region, the region is now being radically reappraised. Emma Thomson introduces travelers not only to the World Heritage Sites of Brussels' Grand Place or Bruges' romantic canals, but also to snug off-the-beaten-track spots, like the bewitched village of Laarne, and Geraardsbergen is the real home of Manneken-Pis. Flanders has something for everyone: the business tourist; the wildlife and outdoor enthusiast; the traveler wanting to eke out villages; and the visitor who fancies a bit of luxury and pampering.

Customer Reviews

"Whatever you're looking for in a travel destination (except perhaps skiing or a safari), if you can't find it in Flanders you're probably better off without it. Emma Thomson's excellent new book celebrates this splendid corner of the Continent." Simon Calder - Senior Travel Editor The Independent 'Belgium holds much culture that's not quickly apparent to those taking the routine trip through Europe. "Flanders: Northern Belgium" is a travel guide for those who want to get the most out of their trip to this northern region of Belgium and experience its brews, its culture, and its history. Filled with detailed information and maps, "Flanders" is a strong addition to any European traveler reference collection.' Wisconsin Bookwatch 'Like all good travel guides, Flanders offers a rather extensive history of the region, which proves interesting even for those of us who live here...'

Flanders Today

Emma Thomson was formerly Commissioning Editor at Bradt Travel Guides and now works as a freelance writer and photographer. A member of the British Guild of Travel Writers, she writes for international magazines, newspapers and publishers. She first visited Flanders nine years ago after falling for a Fleming and has been totting up her Eurostar frequent-traveller points ever since - she was even lucky enough to live in a farmhouse (complete with sheep, chickens and rabbits) near Aalst for a year. www.ethomson.co.uk

Great little guide book for an area that's a little 'out of the way' for many travellers. The maps were great, the attractions and hotels recommended were accurate. We spent most of our time in the more rural parts of Flanders, rather than the cities (Bruges, Ghent, Brussels) except for Ypres, where we spent a somber day visiting the WWI sights and cemeteries. As I said, it is a great book, but I would give this book a 5-star rating just for its recommendation of the Hof ter Doest in Lissiwegen, just north of Bruges. If we could only go back to one place on our trip, which included Reykjavik, London and Paris, this would be the place.

A really good guide and refresher
