Customer Reviews

my husband (who is into all things Scottish) very thoughtfully sent this to my kindle. I have tried several of the items. can't pronoun many of the names but we are enjoying the food. I made my very first flambÃ© without burning down the house. lots of fun. awesome dessert thing with cream, berries, honey, and whiskey. yummy. awesome over pound cake. never hurts to add new items to the menu. lots of the recipes seem to use whisky. works for me.

As I am also Scottish --altho' living in the US--I found this book of recipes reminiscent of some of the many meals my Mum cooked..It also contains some very easy to make meals for anyone who likes

to try something different..Go ahead, give them a try..You may discover some new favourites!Most of all, I really hope that this wee book will become a fixture in someone's kitchen.Enjoy.

I was hoping for more baking recipes in this small book, but this was mostly fish, game, meat recipes. This was not what I was looking for.

Already used about half of the recipes. One thing that was challenging, was calculating grams and other metric measurements into standard (US is still in the dark ages on that!).

Haven't made anything yet but this book was exactly what I wanted. Good home style Scottish recipes. Was in Scotland in the fall and enjoyed the food but with the whirl wind trip I haven't thought to look for a recipe book while I was there. I bought two one was a gift for a fellow traveler. She was very happy with it!

These are very similar to the things my grandmother would make. It's written simply with conversion so those of us not in Europe can make them. Hopefully the same author will round up some more for us to try.

It's fun to see the actual recipes for Scottish dishes we see referenced all the time, but don't really know what they are, for example, cock-a-leekie soup, haggis and others. I really enjoyed flipping through this and will try a couple of them. Thank you.

I loved the insight into Scottish recipes and found they were pretty easy to convert to an american kitchen.
