I Love You To The Moon And Back

Synopsis

The sun rises, and a bear and cub begin their day together. They splash in the water, climb mountains, and watch the shimmering sky. They show their love by touching noses, playing chase, and of course, hugging. A sweet, gentle rhyme, perfect for sharing with a special little one!

Grade Level: Preschool - Kindergarten

Customer Reviews

I have been saying "Love you to the moon and back" to my daughter for years. She is almost 10 and loves that I still say it. I'm giving her the book as a stocking stuffer, she will be so happy to have the book as a keepsake, since she thinks it is something I only say.

So cute and my son loves to touch noses

Good condition & very excited for my 1st born read this to his 1st borns in may.

Grandaughter loves her new book. We read it over and over many times after she opened her present. Love the hard pages that will survive a two year old.

One of my favorite books as a child, I bought the cardboard version for my first child so it will last longer.

I purchased this as a part of a book collection for a baby gift. It's super cute and very well made for a board book. The imagery is very bright and super cute. The story line is something that could definitely be something that even younger children would like. I would definitely recommend this as an addition to story time.

Love the book. Got the cardboard version and the pages are warped and won't lay flat

Grandsons love the story. Purchased it in hardback to endure car trips.
