Micro Macramé: 25 Superfine Jewelry Projects: Every Technique Explained, For Beginners Up

Synopsis

The ancient art of macramé was first introduced to the Western world by Arabic weavers in the 13th century. Today, the enduring popularity of this decorative knotting craft has grown to include the art of micro macramé, which utilizes delicate cords and small beads, pendants, and other decorations to create stunning, handcrafted jewelry. Micro macramé may look easy, but without proper guidance, it can end up being much harder than working with the larger knots found in traditional macramé projects. With *Micro Macramé*, you'll get careful instruction as you learn to work with the finer materials that help you create these stunning designs. In the pages of this beautiful book, you'll find: 25 projects to make, including a simple beaded friendship bracelet, easy spiral necklace, chevron studded bracelet, baroque earrings, owl pendant, and more. Everything you need to get started, including detailed instructions for all the core knots. Something for every macramé enthusiast, ranging from simple knotting projects to advanced patterns combining threads and beads to stunning effect. Detailed, step-by-step photographs and written instructions to walk you through each and every design. Finished jewelry projects showcased with lovely styled photography. Explore the fabulous world of micro macramé even as you showcase your creativity and flair through these beautiful, handcrafted projects. Perfect to give as gifts to loved ones, or yourself!

If you haven't tried micro macrame or want to advance your skills, this book is for you. Jenny

presents detailed sections on knots, basic tools and materials needed, cords, and finishing techniques along with several projects for beginner, intermediate, and advanced skill levels. An abundance of photos clearly depict the techniques used for each project.â€•#151;Bead & Button

Love this book! I checked it out at the library before purchasing and find the instructions to be clear and the projects attractive.

Fun book with great projects. It's great for all skill levels. The directions are easy and clear.

This book is a fantastic resource. I appreciate the attention to detail she gives, and useful tips such as how to make the most of your macrame board. It is very thoughtful and sensibly organized, and the photographs are clear and detailed. Absolutely wonderful effort by the author - it is simply a beautiful book.

I do all kinds of jewelry making and am impressed with the photography in this book. I have done macrame a long time ago and will be trying the micro macrame to make earrings and bracelets.
