# Kings Series Book 1:: Mated To The Werewolf King

## Synopsis

As war looms between the two species, the Demon Lord is determined to find Annabelle. Little does she know, the truth behind his sinister actions is about to unravel. When Annabelle discovers that she is not the true daughter of the Alpha in her pack, her world, as she knows it, comes crashing down and she finds herself running to hide from the tyrannical Demon Lord who is hell-bent on finding her. Seeking protection, she flees to the court of the Werewolf King.

He is arrogant, stubborn and discerning of her very being, but willing to defend her for now. Will the Werewolf King yield to the Demon Lord's ultimatum and give her to the enemy or will she be the cause of a looming war between the two species? More importantly, what does the Demon Lord want with Belle? She is only a werewolf isn't she? Not only wolves, but other supernatural creatures as well. I don't want to give anything away, but this book has a sneaky way of dragging you into the story and following every twist and turn with baited breath. The characters are believable, the story unique. One of my favorite wolf shifter stories now. - L.R. I absolutely love this book and I cannot wait for the next one! What a wild and twisty ride the book was!!! I swear once I had everything figured out, it changed all over again, twisting and turning the entire way through. I love the writing it has a nice smooth and easy way of taking you to another world where vampires, witches, demons, and of course werewolves are all living along with humans and other supernatural beings. - Celeste

## **Customer Reviews**

This book kept my attention throughout the whole book. Trying to find a way to summarize the book without giving to much away is going to be a challenge. Belle grew up with her adopted parentÃƒÂ¢Ã  ¬Ã  â„¢s wolf pack, she was found on the PackÃƒÂ¢Ã  ¬Ã  â„¢s border. Just before Belle turned 18 her dad told her she was being sent away and she learned the truth from her brother that she was not their child. That someone is coming for her and that the Werewolf King is coming to get her. Belle doesnÃƒÂ¢Ã  ¬Ã  â„¢t let anyone get in her way from leaving with the King; she wants to make sure they are safe. Traveling back to the Kings home is a long almost unbearable experience. She has an uncontrollable attraction to Keith the Werewolf King. Keith knows Belle is not a werewolf even though she believes she is. Keith feels the mate pull but denies it due to the fact that Belle is no wolf and having a mate of a different supernatural is not normal. He accuses Belle of being a witch. Everything Belle knows to be true is being challenged, can she find out who she really is? Belle learns who her true family is and the changes she goes through explains them. Who will Belle end up with. Oh my I don't even have the words to explain how much I enjoyed this book. I can not wait to read more

Had a blast with Belle and Keith -This is one of those paranormal/fantasy romance stories that are lacking somewhat in certain areas but definitely make up for it in others- It makes you feel - engages your emotionsThe world building is excellent - the characters had me laughing, crying and wanting to strangle them throughout the novel -I really enjoyed how Des humanized the characters -Keith is the King - all powerful, yada yada - but when it comes right down to the bare bones he is a man who truly loves his woman and it shows in his reactions and his choicesBelle is just got chit luck - That poor girl goes from one unwelcome situation to another, and everyone seems to have one surprise after another for her - and most of them, not the happy kind- I have to hand it to her though she handles each new "bump" head on and keeps her cool I am really curious how some of the events turn out -I received a free copy of this book and chose to leave a voluntary review

There was an immense story, but it came across as distant from the reader, as if the story was being told to me. I therefore found myself not immersed in the characters and their world, merely a reader hearing the plot. Perhaps this should have been split into two or three books, with more depth so that a reader could become emotionally invested in the characters. There were too many side characters too many possible mates.

Each page is something extremely exotic and exciting. I didn't want the book to end nor did I want to put the book down. The way life works is truly something.

As I began reading, I thought, this will be one of those predictable stories. Was pleasantly surprised that I couldn't always predict what was coming next. It was a good book

This way the best book i've read. I couldnt put it down. I never read paranormal books. But this one held me right from the start

Loved this book so much! It was pretty fast paced but still amazing story! I will definitely read more! Love it!!

I liked simply because it was so different and was a nice change from the normal. There were a few grammar and spelling mistakes but other then that I loved it.
