Roger Kamien received his B.A. in Musicology from Columbia and his M.A. and PhD. from Princeton. Kamien taught for 2 years at Hunter College and for 20 years at Queens College, where he coordinated the music appreciation courses. In 1983, he was appointed to the Zubin Mehta Chair in Musicology at The Hebrew University of Jerusalem. In addition to Music: An Appreciation, Prof. Kamien has written numerous articles and reviews, co-wrote A New Approach to Keyboard Harmony, and edited the Norton Scores. He is an accomplished pianist and, in recent years, has formed a two-piano team with his wife, Anita.

It is nothing special, but there is no reason to not give it a good review either. I haven't had a problem with the discs. Quite expensive for a CD set, but it was required for my Music Appreciation class.

Very good sampling of music literature.

This was for school; and I passed Thank You

This was purchased for a College Course, and it was exactly what I needed. I received it undamaged and ready for review.

Music was great.

I have not been able to get the track / album info to load and have had to resort to manual (very time consuming) other than that it is just what was required for the course.
