Customer Reviews

When reading the Bible I come across words/phrases that need explanation. This book gives me just that, a great reference and compliment to the Bible. I am extremely happy with this purchase and would recommend it to others needing Bible reference assistance.

It's incredibly helpful to have this book so handy in my Kindle instead of lugging around the book. I use it all the time, whether I'm studying, teaching, or just talking with someone and a question comes up. I'm so glad to have it with me whenever I need it.

The dictionary would be fine if it had page numbers, or if the links in the table of contents worked. It makes navigation difficult.

I could not search the table of contents nor the entire book. A reference book is almost useless unless you can jump to a reference from the table of contents or it is searchable.

Good Service.

Its ok for some use but lacks the real truth that can only be found with hard work and study.Many words in most books after 14th century have been changed to hide the real facts and well enought said.This works on the kindle fine.
