# The Fairy Bible: The Definitive Guide To The World Of Fairies

## Synopsis

Fairies of the water, air, and earth, the trees and flowers, the house and hearth: all these mysterious, elusive creatures materialize on the pages of this distinctively beautiful guide to fairyland. Illustrated throughout with captivating artwork in glorious color, it examines fairy legend and lore through the ages and leads us into fairy cities, landscapes, rings, and paths. Find out what clothes they wear (fairies can be fussy about their dress), what they like to eat and drink, and what plants and animals they cherish. Discover the secrets of fairy festivals, and the various names they like to be called—including the Little Folk and Good Neighbors. Altogether, it's a privileged glimpse into a paradise that vibrates at a different frequency than ours—and that few can ever see.

## Book Information

## Customer Reviews

This book is wonderful. Bought it for my Mother (ok for myself as well :) ) and she just loves it as well. I had thought the book was only about listing various types of fairy's but it is so much more. It has chapters on how to summon them, what they like to eat, how they like to dress and how they build their houses and where, Etc. just so much information. The drawings are fantastic and I wish I had larger versions of the pictures. The book is quite thick and hand sized (well for my large man hands :) ). So much in this world that we cannot see that is beautiful and wonderful.

So freaking pretty! These books are gorgeous, and filled with such pretty artwork. The fairy facts are

fun, and it's a great book to put on a coffee table for display. Love them!

I got this as a present for my aunt, and although she will love it, it is full of other beings besides fairies. For example one type of fire fairy is the dragon? Air type is Hermes?

This book has a lot of good info on the different types of fairies.

Different than I thought it would be. No specific fairies named.

lots of information and handy size!

Great book - interesting!

Very pretty pictures
