Joseph Martos is a respected educator, speaker, author and authority on the interaction of religious experience, theological ideas, cultural developments and liturgical ritual down through the ages. His work is interdisciplinary, accessible, and takes a balanced approach.

A very detailed read and very informative. This book gives a detailed and enlightening historical view to the sacraments. This book was VERY helpful because I grew up protestant and do not know much about Catholicism and the ritual practices. I am not a history person but this book was really good. Along with the historical aspects of sacraments, the author lays out the information in a detailed manner that makes learning history more interesting.

I liked this book.

Excellent for anyone studying the Sacraments. Provide historical, social, and religious perspectives of the Sacraments.

Very reader friendly. Explains very clearly and thoroughly the history of the 7 sacraments of the Catholic Church. Worth the price and would definitely recommend this book for anyone seeking to learn the history behind the sacred from the Church's beginning to the sacraments we celebrate today.

Great to re-read this excellent document by Joseph Martos. Having taken a class with him, I enjoyed reading his insight into the Catholic Sacraments.

Well done - would definitely purchase from you again!

Fantastic book. Not preachy. Down to earth. Well researched. I learned so much!

This book was listed as used but was in excellent shape. Very pleased and satisfied with the product
