Touch Of A Highlander (Arch Through Time Book 2)

Synopsis

Gretchen Matthews is a woman on a mission. Haunted by the disappearance of her friend, Gretchen is determined to discover the truth. So when a strange old woman gives her a cryptic clue to her friend's whereabouts, Gretchen packs her bags and heads to Scotland. But things aren't as simple as she'd hoped. When she steps through a stone archway on a wind-swept hillside she realizes that to find her friend she must travel not only thousands of miles but hundreds of years into the past and avert a clan war in the process. Lost in a world of passion and peril, Gretchen is rescued by Ewan Murray, a brave Scottish warrior. He just might hold the key to everything: finding her friend, averting a war and unlocking Gretchen's heart. But Ewan Murray has demons of his own. Returning to his clan after years of exile, he is eager to build a new life for himself. But with enemies all around, Ewan isn't sure who to trust – including Gretchen. Does the dark-haired beauty hold the key to his future? Or the destruction of his clan? And can they figure it out in time to avert a war that will destroy all they hold dear? *Touch of a Highlander* is the second book in the *Arch Through Time* series. Each book can be read as a standalone novel. *Dreams of a Highlander*, Book 1, is available now!

This is another great story! So much conflict, jealousy, betrayal, but most of all friendship and love. Gretchen finds her true heart in Scottish warrior Ewan. They fight battles within, battles with each other, and battles with others. But don't worry, love wins every time!

Nice story, minimal typo and grammatical errors. Could use a bit more character development. Fine beach read, not the best but certainly not the worst of the genre

Easy read. Rather predictable but still fun to read

Ewan and Gretchen are from 2 different continents and 2 different centuries. Those minor details would not stop a love that superseded time and space. A good read!

Yes this book hits all the typical fantasy romance plot points. Everything was pretty predictable, but then again this is a romance novel not a mystery thriller. I would give this book a chance if you just want a few hrs of mindless brain "junk food".

I really liked this book. It kept my interest from start to finish. Could be because I love time travel theme. But for someone who likes it too I highly recommend it.

Very interesting book,love highlander s books. Frist book I ve read by Katy Baker,really enjoyed it. Will be watching for more of her books.

Good story, will look for others by this author.
