Customer Reviews

We replaced existing "homemade" chorus books with this one. We were thrilled at the affordable price of each book and the variety of songs in it. The music book is simply written and even our elementary pianists are able to follow along. The book incorporates classic campfire/youth camp songs with more contemporary praise and worship music. We have enjoyed it immensely.

We bought these for our church and they are great. The chorus book has a nice collection of songs from over the years.

We are finding that all generations of the church. We find the songs easy to play and sing. Praise God.

Arrived in like new condition. I am so pleased with this purchase. It has been such a blessing!

This is a book our church choir has been using for a number of years. We were short just one or 2, so I checked .com and it was available!

This is an excellent resource for worship music and for short offertories and other times of meditation during the service.

Great praise and worship song book. Love using it for everyday pick me ups and on Sunday during praise and worship

This is one of my favorite chorus books. It has many great and uplifting songs in it that I use for church and ministry purposes.
