Customer Reviews

Hard to find & highly recommended ! I am an absolute beginner and won't get to this level for a while but these are highly recommended dead by teachers of classical guitar and hard to find. Grab all three volumes whenever you see them!

love it

This is part of a 3 volume trilogy. The best volume by far is Volume 3. Volume 1 and 2 are fine, but I seldom play them and find other works far more interesting. I wouldn't purchase either Volume 1 or 2 again.

Music is great, but cover color does not match Vol 1 and Vol 3.

Well...I received volumes two and three of Guitar Music of Spain. Volume two has some very difficult sheet music and it is going to take some time for me to learn these many tunes. I do have a

terrific classical instructor and so...with his help I may be able to play a lot of these in due time. I was able to hear some of the music being played through YouTube and, needless to say, I am inspired. I already had Volume One from which I have long been learning from. But...now, I have the full collection. These three volumes contain some very beautiful written music and I highly recommend them! Thanks, Joseph L. Mesa
