## Customer Reviews

John Randolph Price is an internationally known award-winning author and lecturer. Formerly a CEO in the corporate world, he has devoted over a quarter of a century to researching the mysteries of ancient wisdom and incorporating those findings in the writing of many books. In 1981, he and his wife, Jan, formed The Quartus Foundation, a spiritual research and communications organization now headquartered in the Texas hill country town of Boerne, near San Antonio.

This is treatise on how abundance works energetically in our lives and how individuals can open up to it. It requires a commitment to understanding the concepts and an investment of time in meditation and journaling to see results. It's not always easy to understand but if you stick with it, some amazing insights can be yours. During the time I was doing the 40 day mediation, an interesting job opportunity came my way. And I'm open to more abundance in my life every day.

I read this little book 3-4 times before beginning the 40-day program. Right now I am in my 14th day of the program and am noticing a change in my conscious awareness of where and how my supply comes to me. On my 9th day, I found a check that I was not aware that I had. Also, I am not able to

work while I am recovering from an accident and friends, acquaintances and customers have been coming to my aid. I'm understanding that supply comes in many forms and through many channels. I'm am thankful for this growth.

The Abundance Book is one of the greatest books written on Abundance out there. It truly works! For those of you out there that definitely want to see a change in your finances this book was written for you. Buy it and try it! You will be learning secrets that few know, and you will be blessed in the process. Judy Heavenly September 1, 2013

I listened to Doreen Virtue that for you to change your consciousness and bring abundance to your life you needed to follow the prosperity Plan of John Randolph I just couldn't believe it 100% But something in my heart kept pointing to this book and I am doing it half way and I already have seen miracles in my life, it is amazing and your life turns around in a wonderful way thanks to god, the angels and the spirits guides Just ready to be receptive and keep enhancing my faith So if you want to have a life of abundance don't delay it don't waste time or energy in other books just do it with your heart, do not hesitate go for it!! Many blessings to you all Yadi Gonzalez W- Holland MI

This is a little book with a big message. I did the forty day Prosperity Plan as recommended in the book. I haven't gotten rich as I expected, yet, but I did receive some unexpected blessings in the form of material items much needed for my home. I will do this forty day Prosperity Plan again and this time I will focus more intently on my goal. My thinking is that I have nothing to lose by trying this plan and everything to gain, so well worth a read and a try!

I am on day 30 on the 40-Day prosperity plan. The first thing I noticed is that I am so much happier - I smile & laugh a lot during the day. I received a \$50 discount from the dog groomers last week - I did not ask for a discount - she offered. Then I received a \$30 discount for 2 tires - the dealer would not budge when I asked last month. During the past 3 months I have been to 3 mechanics trying to diagnose my severe idle problem with my car - I have been billed at \$85 hour with no solution. Yesterday I went to another mechanic and he referred me to another shop because he is a diagnostic specialist. I went to this shop immediately and with 20 minutes he resolved my idle issue (cracked spark plugs and bad wiring). I asked how much do I owe and he stated no cost - just refer some friends. This would have cost at least \$240 in Santa Fe. If anyone is hesitating - you have nothing to lose. I will continue to practice these principles for the rest of my life. This book has to do

with abundance in all aspects of your life - not just finances. I am going to buy copies to give to some friends.

This book was suggested to me a few years ago. I read it and started to do the 40-day program. Within the first week I found changes in my life. Money started coming from unexpected sources. These were relatively small amounts - not millions - but the right amount at the right time. I noticed I started allowing life events to flow me rather than me having to make so many strategies to engineer my life to happen the way I envision (which never really works anyhow). I have used the 40-day program a couple of times since then and each time, as long as I am really doing what is suggested, I have found positive changes happening. I would suggest this book (and have) to anyone who would like more prosperity (not just money) in their life.

This book is fantastic. I found it very clear and concise, full of guidance and practical applications that can be implemented immediately. As I progressed through the book, I realized it would be very helpful to also order The Workbook for Self Mastery by the same author. I was right, the workbook is a perfect companion to The Abundance Book and I highly recommend reading and taking action with both books at the same time. I had been already on the path to learning more about this subject matter, there is a lot written about it, however, I found these two books to really put it all together and it literally made the "shift" happen for me.
