Customer Reviews

Another great book from author Kerry Hamm. I have read and own all of her books. I am looking forward to bigger and better things from her in the future.

Brief, real stories from the ER. I'm so glad I don't have that job. And more glad I'm not most of the patients she talks about..if not all of them. When I need a little brief escape from my life, and a need to feel gratitude for the problems I have, I read any of Kerry Hamm's books. You just cannot make this stuff up. Someone should make a TV show out of this.

enjoyed it very much

I read all her books

very diverting and amusing.

Funny, sad and unbelievable at times. Great read and opens your eyes to the way people behave. Would read another of the series.

Great book easy to read. Love the authors style. I am trying to catch up and read all books she has written 3 down

What do RN and MD mean? Other than that it was a great book! Is there a 7th book to this series?
