# Slightly Tempted: Bedwyn Saga Series, Book 4

## Synopsis

Young. Ravishing. Exquisitely marriageable. From the moment he spies Lady Morgan Bedwyn across the glittering ballroom, Gervase Ashford, Earl of Rosthorn, knows he has found the perfect instrument of his revenge. But wedlock is not on the mind of the continent's most notorious rake. Nor is it of interest to the fiercely independent Lady Morgan herself...until one night of shocking intimacy erupts in a scandal that could make Gervase's vengeance all the sweeter. There is only one thing standing in his way: Morgan, who has achieved the impossible - she's melted his coolly guarded heart. For Gervase, only the marriage bed will do, but Morgan simply will not have him. Thus begins a sizzling courtship where two wary hearts are about to be undone by the most scandalous passion of all: glorious, all-consuming love. Contains mature themes.

Best Sellers Rank: #354 in Books > Audible Audiobooks > Romance > Historical #1634 in Books > Romance > Historical > Victorian #2707 in Books > Romance > Historical > Regency

## Customer Reviews

Morgan is the youngest in the Bedwyn clan. She is in Brussels where she meets Gervase Ashford, Earl of Rosthorn. Gervase was initially uninterested in Morgan because of her youth but when he found out she was sister to Wulfric Bedwyn, Duke of Bewcastle, he decided to use her to take revenge on her brother. I didn't like Gervase as a hero. He is portrayed as the affable, kind Frenchman but hated Wulfric. His personality came across very shallow. There is a little bit of a plot with the war going on and with Alleyne Bedwyn missing and presumed dead.

I tend to mix up who is the shining star of each of this series because I pick up the next book as

soon as I finish the book I've read. Morgan is a funny young woman who has a lot of spunk. I enjoyed the storyline.

When I read the review, I wasn't sure if I would enjoy the book, but it was a well written story! The only thing I didn't care for was the beginning which dealt with the war. Morgan was so amazing for such a young woman with her deep insights & thoughts in regards to life. I was rather surprised about the revelation about Marianne & Henrietta although it's been a part of life since the beginning of time. Can't wait to start the next in the series.

I have all Mary Baloghs' books in hard copy, but I decided to download them again in my Kindle to be able to re-read them at ease. It proved a great idea! ALL books by Mary Balogh are a treat and a lovely indulgence. I positively adore Mary Balogh's use of the suspension points and exclamatives to convey much more than what is written. I loved this particular plot and the way it is written. The two protagonists are interesting and their characters multifaceted. The other Bedwin siblings and their spouses participate in the event and it is a pleasure to meet them again in this book.

I have found that all the novel in the "Slightly" series are a good read. I do suggest that one read them in order. There are many references to the previous novel that reading them in order makes more sense. But they can be read as a stand alone novel.

I have only recently discovered Mary Balogh and have come to really love her books. Her characters and stories are vivid and not the least bit contrite. This particular series is very good. Once I read one book about one of the members of this family, I wanted to know ALL the members of the family. I'm still reading her books right now and as soon as I am finished with a series I want to find more.

The Bedwyn that is always playing is well played by the heroine. While neither hero nor heroine is honest at first, they manage to involve each other in playing at being someone other than what they are. It's not confusing, it's Mary Balogh at her finest, putting her characters into spots they don't want to be in, and giving them every opportunity to rethink their plans.

Balogh and the Bedwyns what more is there to say each is as unique as an individual and a member of a fascinating family in a fascinating time in history. And a lesson that sometimes you get

just what you deserve. Read and enjoy the ups and downs of these characters that Balogh brings so brilliantly to life. I can read and reread these over and over and the same with the Simply series .
