Low FODMAP Menus For Irritable Bowel Syndrome: Menus For Those On A Low FODMAP Diet

Synopsis

Low FODMAP Menus for Irritable Bowel Syndrome is a cookbook for all of you who have irritable bowel syndrome and want to eat a low FODMAP, gluten-free diet. This diet helps 75% of people with irritable bowel syndrome. The book contains 124 pages, 40 recipes, 10 menus and over 90 photos. You will never again have to worry about what to cook for any occasion. I have menus for every kind of meal. Only 25% of those with a Fodmap intolerance are lactose intolerant so I use dairy in my recipes but, on page 19, I have listed dairy alternatives for those of you who need to substitute lactose-free products.

Suzanne Perazzini lives in New Zealand in a house overlooking the Pacific Ocean with her husband and son. She is the creator of the Inspired Life Low Fodmap Coaching Program. She is also an author, food blogger and photographer. Her blog, Strands of My Life, focuses on recipes to suit a gluten-free, low FODMAP diet for irritable bowel syndrome.

Beautiful book with great recipes.

Wow when I first looked at the cover I was amazed that that sort of delicious food could be possible on such a restricted diet. It's great Suzanne is quite clear that since she has completed the elimination diet, hydrogen test etc these are the foods she is able to eat and IBS sufferers can too

if they are not Lactose intolerant. I have used and are still using this book both with milk alternatives and now with Lactose foods and they work equally as well the smoothies are frothier with ordinary milk but hey it's great that it's all so yummy and produces no symptoms.

Here also only interesting for people with wheat intolerance. Otherwise some good ideas for entertaining

it is not correct in the diet

A fantastic book well illustrated with a good selection of recipes . I would highly recommend this book for those who need to follow a low fodmap eating plan.

This cookbook is just OK. I was just put on the Low FODMAP diet and was looking for some good recipes. I didn't really like these because so many of them are too complicated for a casual cook like me. I will probably try a couple of the desserts but that's about all I will get from this cookbook and I really wanted some everyday recipes and these are really more effort than I would make for everyday.

A great recipe book for the low Fodmap diet, plenty of variety, fully illustrated pictures are also included.

Love this book, great recipes, down to earth straight forward explanations on FODMAPs..so glad I purchased this book, thank you Sue..
