RPG Book

This was a wildly entertaining read. This is a history of the Void Engineers as told by a field agent to some campers in the Umbra. The campers happen to be "rustic" from each of the other game lines in the World of Darkness. Has a plethora of new gadgets, "rotes" and other goodies. Good read

This is an excellent Mage Technocracy sourcebook! The information given on the Void Engineers is invaluable. It is presented in a storyteller to listener format. VERY INFORMATIVE.(Do yourself a BIG favor, and know the stuff in "The Book of Worlds" BEFORE you read through this book, though. It isn't a requirement, but it'll help you out a LOT to understand what the narrator is talking about.)
