You'll want to own this book, and the free books included with it here, if you're looking for a do-it-yourself fixit kit for your relationships. *Where Did Our Love Go, And Where Do We Go From Here?* - Learn How To Rediscover, Rekindle and Bring Back The Passion To Your Relationship by Simeon Lindstrom is a useful and engaging guide to make your life better, when you share that life with another. And in addition to this useful guide to giving love a second chance, Lindstrom has included eight other self-help books, each well written, each worth reading. The topics tackled go from apathy to boredom and even cover the waning of passion and what to do to reignite your relationship. So, it's summer, try a new project and let this generous compendium be your guide.

I read a lot of self-help books and this one caught my eye. It's geared toward long time couples whose relationships have lost their pizzazz, but it will benefit anyone. The book attempts to answer the questions of why passion wanes and how to revive it. There are exercises to try as well. Read it with your significant other. Definitely a worthwhile read.

this is a very good book. I didn't expect to like it but I'm very impressed by the authors writing style.

I loved this book! more like a GUIDE! I was feeling several of the emotions that are mentioned in this book, and am going to give it a try. I'm looking forward to reviving the spark in my relationship with my husband and just after reading the first few chapters, I can tell I'll be practicing many of these exercises. "And in these spaces, fresh, exciting new energy flowed". I get that line and I want it back! Highly recommend!!

This is a well written self-help book for those who are stuck in a marriage or relationship that feels like it's slowly going south but would like to reverse back north. "Where Did Our Love Go" by Simeon Lindstrom will certain assist couples and/or groups whose relationships are in currently in a limbo.

What do you do when you aren't in a terrible relationship but you're also not in a great relationship? You read "Where Did Our Love Go, And Where Do We Go From Here?" Lindstrom discusses how to rekindle the passion that you once had in your relationship but have since lost. A worthwhile and recommended read.

I've read several books from Simeon Windstorm and have enjoyed them. While I find I don't need "where did the love go" I read it with an open mind. It's a great self-help book that looks at your relationship and lets you see things you didn't even realize.great read!

Well worth reading. Who doesn't need a little refresher? "Where Did Our Love Go, And Where Do We Go From Here? - Learn How To Rediscover, Rekindle and Bring Back The Passion To Your Relationship" by Simeon Lindstrom, covers the basic and then some. Recommended. Five stars.
