Customer Reviews

I really enjoyed the guide to the Georgia Coast. I'm planning a trip later this month and the book helped me to decide what to see. 4 out of 5 stars as the edition is getting dated and could use some refreshing to add new attractions and places that have been built in the last decade.

Quite complete for a book this size...I had the ten yr old edition and was still very relevant and up to date....If you are going to explore the Georgia coast start here and then go online for up to date hotel and bed and breakfast info...

My brother just Loved it!

This is without a doubt one of the best regional travel guides I've ever had. If you plan on exploring

the GA coast this book is priceless. I only wish they would publish a new edition with a few updates.

I love the Georgia Coast and this book is the best book I've ever seen about this area even though I've spent a lot of time in and around Savannah. I've learned a lot by reading this book. Get this book if you are interested in history, outdoors, hiking, fishing, etc. It also has a lot of access info, restaurants and lodging.
