I love mysteries and I'm a Christian so these books are perfect for me... they always point me back to Christ and how good He is. Hope my mom will keep buying the books! "In 10 years you will be the same person you are today except for the books that you read and the people you meet"

My son is 11 years old, and has read several in this series very quickly. We love that the content is trustworthy. Suspense is written well and leaves you wanting to read the next one.

Great book for my daughter. She couldn't put it down and is ready for the next one in the series.

This is the continuation of the Red Rock Mysteries. These books are Christian oriented. To my surprise my grandson likes the books. He finally has a genre he likes. He wants to read the entire series (15 books total). I have not personally read the books, I was more interested in finding age appropriate (12-13 years) books that he would read.

I loved this book, it was a great book even though I DON'T believe in god but, in conclusion this was a easy read and it just pulls you in.

This book kept me hooked the whole time; each page lead up to more surprise and suspense. I would recommend this book for children ten and older. Red Rock Mysteries is a great wonderful book that will make you want to know what happens next.

My 10 year old grandson absolutely loves this book series.

Bought for nieces birthday. She loves.
