# Instructing A Child's Heart

## Synopsis

From interaction with their peers to the instruction and correction that they receive at home, children interpret their experience from a worldview that seeks to answer their fundamental questions: Who am I? What do I exist for? Where can I find joy? We need to provide our children with a consistent, persuasive, biblical framework for understanding the world God has made and their place in it. Instructing a Child's Heart is essential to Shepherding a Child's Heart. The instruction that you provide for them not only informs their mind; it is directed to persuading their hearts of the wisdom and truthfulness of God's ways. Impress truth on the hearts of your children, not to control or manage them, but to point them to the greatest joy and happiness that they can experience delighting in God and the goodness of his ways.

## Customer Reviews

Wonderful book with lots of insight into going beyond behavior modification to actually reaching your child's heart. Doing a study on it with a group of friends- we think the "lessons" they suggest teaching to children are a bit too long for young children, but the book is very solid, Biblically based,

and challenging!

We recently purchased this book for a group study...while it has some great information, I feel it's a bit of a dry read, at the least first few chapters. I think sticking with it is beneficial but there are other books (check out Author Scott Turanksy) that I've enjoyed and benefited from a little more.

I just love Tedd Tripp's books and blog. Too bad he is gone now. Best I have ever seen for child rearing -- just the right balance for raising a happy well-adjusted child.

This is a wonderful book on how to raise children in the nurture and admonition of the Lord. If you want to help the children in your life to know and love the Lord, this is a book brimming with biblical truths to equip you to do just that!The authors present a profoundly biblical perspective on the human heart, helping us examine ours and be transformed in preparation for shaping those of the children He has entrusted to our care.

I learned so much by reading this book. I highly recommend it for any parent who wants to raise their children in a home that uses the Bible as a standard for a living and the gospel as the only way to obtain grace and forgiveness to get to heaven. This book will help you get to the heart of all of the miss behavior issues in the child's heart and help you steer away from manipulating their behaviors only.

This is the most helpful parenting book I've read to date. It's filled with examples based on biblical texts to our parenting woes and needs. But more importantly the centrality of this book is the gospel and our need as parents for Jesus to save us as much as our kids need him to save them. It was good to be reminded that I need to come alongside my child in his weaknesses because it points to our great need for a savior.

This book is the follow-up to "Shepharding Your Child's Heart" (of which focuses primarily on obedience of younger children). This book is the **MUST** have for parents of older children and pre-teen and teen. As the children grasp true obedience, they start to transfer obedience to God as well.For parents that want to build a strong foundation of biblical truth, of God's absolutes in your family life... this is a good second to the Bible!

Wonderful book!
