Lonely Planet: The world's leading travel guide publisher*This is not a guidebook. And it is definitely 'not-for-parents'. It is the real, inside story about one of the world's most exciting countries - the United States of America. Customer Reviews

My 8 year old daughter won't let me read this book but she is thoroughly enjoying it. She likes to tell me about some of the random bits of information she has been learning about the USA.

My 10 year old grandniece LOVES these books. She loves to tell her parents that these are NOT FOR PARENTS! And she told me that if she didn't get another one of these "she would surely die!"

This is a cute book. I am anxious to check out others in the series. It is always fun to learn fun facts often not included in a text book.

great read for kids and adults!
