Journey To The Future: A Roadmap For Success For Youth

Synopsis

This is the book I wish someone had handed me when I was 16 so I could have gotten a head start on my success in life. It describes the core values that we must have to live a happy, healthy, and successful life. It explains how our life is built around choices we make and how those choices determine our success or failure in life. This book encourages you to sift through all the messages you get about being a boy or girl, and becoming a man or woman, to throw out what you believe is not you, find the real you, and-most importantly-be happy with who you are. Through a collage of stories, personal experiences, facts, inspiration and humor, this book will help you discover and appreciate your own uniqueness.

The Hispanic Business Magazine recently included Consuelo Kickbusch, Lt.Col., U.S. Army(ret) as

one of the 100 Most Influential Hispanics in America. Audiences have enjoyed Consuelo Kickbusch's spell-binding lectures in which she draws upon insights and "lessons learned" from her own personal experiences that are applicable to today's business world and the development of its future leaders. Born and raised in a tiny barrio in Laredo, Texas where she overcame the fierce challenges of poverty, discrimination and illiteracy, Consuelo Castillo Kickbusch grew to become a successful leadership role model for her community. Breaking barriers and setting records in the military, Lieutenant Colonel (Retired) Consuelo Kickbusch rose to senior officer position and became the highest-ranking Hispanic woman in the Combat Support Field of the United States Army. Acknowledged as a charismatic, passionate and entertaining speaker, Consuelo carries her powerful message of what it takes to be an effective leader in today's global marketplace to hundreds of colleges/universities, corporations and government institutions, both here in the U.S. and abroad. Her strong dedication to saving the youth of America, especially those living in the same barrios she did as a child, has led Consuelo into some of the roughest neighborhoods in America, where she has worked with over one million children, parents and educators covering 43 states. She inspires young "diamonds in the rough" to believe they can make their dreams come true, and encourages them to never give up hope, but rather take responsibility to make a real difference in their families/communities and follow a disciplined roadmap to success.

It was fast delivery and the book was brand new

Excellent book for everyone to read.

I give this book five stars because it is good book for anyone to read if they plan on furthering their education . The book was in excellent condition and it is easy to read. Once you open the book and start reading you do not want to put it down. I would recommend this book to the whole world to read.

One of the greatest speakers I have heard in my lifetime. Her book was wonderful as well. I plan to purchase several and use them at my school. I am a social worker at a low income school with primarily black and Hispanic students. Many students turning toward the gang life. I hope to use this book to change their lives. To inspire them to greatness. She is an amazing woman.
