The Cooking of China & Recipes: Chinese Cooking ~ Foods of the World 2 Book Box Set with Slipcase [Hardcover]

I love the entire Time-Life Foods of the World series for it's comprehensive coverage of a culture. The Cooking of China and Recipes covers all the regions of China and explains the differences about the regions and why. A very good book for learning about China and Chinese cooking.

This is one of the better Time Life's series of cookbooks - (this volume on China). It is from the 1960s and has a recipe booklet as well as a larger descriptive volume with photos and meal planning suggestions and commentary. This is our second purchase of this cookbook since we wore out the first recipe booklet. mike

Love it and will use it with my hot pot.

This is one of the Time Life Foods of the World Series book. While most are gems, this one on Chinese cooking is disappointing. Even though the writer did live in China, she failed to bring magic to the wonderful food and land. My favorites are foods on Indian, Japan, Spain and Portugal and

Bayon and Cajun food.
