Customer Reviews

Pokemon has been around for ages after the craze started in Japan and quickly took off everywhere. You can hardly go anywhere without hearing of the well-known character, Pikachu, but it is helpful to know the other characters as well. This guide not only introduces you to Pikachu, the

star of the popular game, but also to Charizard, Mew, Sudowoodo, Chimchar, and Clefairy. It tells you some basics about each character and then some little known facts about each character as well. The guide is quite informative and an interesting read.

Very good book for a beginner or a person who wants to know more. It's a bit short, but it tells you alot of basic things and it tells you facts and even where there names came from. Also you may get thing the price is picky because it is. So if your a beginner or want to learn something about Mew, Charizard, Jigglypuff or more you should get this book! Pokemon, Gotta Catch,em all!!!

Some of the kids I mentor take this stuff pretty seriously, so this guide made it so that I can eat least know what they're talking about. Pokemon is actually pretty fun stuff. I gave this guide 5 stars!!

Pretty cool, liked that it told the backgrounds on a lot of the more popular characters.

The book was quite short but it was pretty good there was alot of facts too i only gave it four stars because you could add more pokemons and facts

For those who say boo, seriously. This is awesome. I'm givin' this a five star. I love this book. I read it and found out a bunch of interesting facts.

I didn't like it because it was short and you didn't include legendaries which are way more rare. Try putting more thought into the book.
